

INTERNATIONAL SEARCH REPORT

| |
|---------------------------------------------------|
| International application No PCT/GB2007/000360 |
|---------------------------------------------------|

| |
|-----------------------------------------------------------------|
| A. CLASSIFICATION OF SUBJECT MATTER INV. H04B10/08 G01M11/00 |
|-----------------------------------------------------------------|

| |
|---------------------------------------------------------------------------------------------------|
| According to International Patent Classification (IPC) or to both national classification and IPC |
|---------------------------------------------------------------------------------------------------|

| |
|---------------------------|
| B. FIELDS SEARCHED |
|---------------------------|

| |
|--------------------------------------------------------------------------------------------------------|
| Minimum documentation searched (classification system followed by classification symbols) H04B G01M |
|--------------------------------------------------------------------------------------------------------|

| |
|-------------------------------------------------------------------------------------------------------------------------------|
| Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched |
|-------------------------------------------------------------------------------------------------------------------------------|

| |
|----------------------------------------------------------------------------------------------------------------------------|
| Electronic data base consulted during the International search (name of data base and, where practical, search terms used) |
|----------------------------------------------------------------------------------------------------------------------------|

| |
|--------------|
| EPO-Internal |
|--------------|

| |
|-----------------------------------------------|
| C. DOCUMENTS CONSIDERED TO BE RELEVANT |
|-----------------------------------------------|

| Category* | Citation of document, with indication, where appropriate, of the relevant passages | Relevant to claim No. |
|-----------|---------------------------------------------------------------------------------------|-----------------------|
| A | US 5 636 021 A (UDD ET AL) 3 June 1997 (1997-06-03) abstract; figure 2b | 1-11 |
| A | US 6 459 486 B1 (UDD ERIC ET AL) 1 October 2002 (2002-10-01) abstract; figure 2 | 1-11 |

| |
|-------------------------------------------------------------------------------------|
| <input type="checkbox"/> Further documents are listed in the continuation of Box C. |
|-------------------------------------------------------------------------------------|

| |
|--------------------------------------------------------------|
| <input checked="" type="checkbox"/> See patent family annex. |
|--------------------------------------------------------------|

* Special categories of cited documents :

- *A* document defining the general state of the art which is not considered to be of particular relevance
- *E* earlier document but published on or after the International filing date
- *L* document which may throw doubt on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- *O* document referring to an oral disclosure, use, exhibition or other means
- *P* document published prior to the International filing date but later than the priority date claimed

- *T* later document published after the International filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- *X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- *Y* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
- *&* document member of the same patent family
